Education

Sep.2016 - Mar.2018 ¹	Undergraduate in <i>Plant Protection</i> (丁颖创新班) South China Agricultural University, Guangzhou, China
Mar.2018 - Jun.2021 (expected)	Undergraduate in <i>Computational Mathematics</i> South China Agricultural University, Guangzhou, China
Overall GPA ² : 91/100, Math GPA: 92/100.	

Research Interests

- Multi-view Clustering
- Optimization theory and Numerical linear algebra

Awards & Honors

2020	Third Class Scholarship, South China Agricultural University, China
2017	Merit Student, South China Agricultural University, China
2017	Second Class Scholarship, South China Agricultural University, China

Research Experience

Jun.2019 – Jun.2020	Multi-View Clustering Supervised by Prof. Huang Dong
---------------------	---

¹I changed my major in March 2018.

²Including the GPA of my former major.

Internship

Jul.2020 – Sep.2020

Data Analyst

Deeao Technology, Guangzhou, China

Expertise & Skills

Languages

Mandarin Chinese, English.

Programming

C, Python, C++, Matlab, LaTeX.

Numerical Computation

Eigen, Blas.

Data Mining

Spectral Clustering, Multi-view Clustering.

Machine Learning Library

PyTorch, Numpy, Pandas.

Sports

Football.

Online Courses

Here are some online courses I have learned or have been learning

- [Machine Learning](#)(Stanford)
- [Machine Learning Foundations/Techniques](#)(National Taiwan University)
- [Convex Optimization](#)(Stanford)
- [Matrix Computations](#)(Cornell)
